# ARE WE READY FOR REVIVAL

the revelation is this; Revival only comes to prepared hearts. God prepares us to be able to receive the outpouring from Him. We need this preparation if God is to sustain the outpouring among us. God is often portrayed as a blessing machine. He is more than that in the sense He does everything in our lives with a long term ambition. It is the final outcome that is so important to both us and Him.

God has given us human beings the ability to change the future for both us and others around us. It's true! Our future is not determined entirely by God's predestination. He has given us a free will and doesn't override us to promote His will. When we become Christians He gives us tools to develop our relationship with Him. We become aware of Him and His purposes in our lives and that awareness fosters our potential ability to change our circumstances and the circumstances of others around us. We have a choice to make, will we go with the promptings of the Holy Spirit or will we just go our own sweet way. There was a song Connie used to sing when the Glory Revival was at its height, which had a challenge as part of it. It went, **"So many lives depend on what I do, give me the strength, I'm going on with You"**.

How does this affect God's ability to bring revival? He needs us to make ourselves ready to prepare our hearts and life style to become a living sacrifice for God's power and direction. Believe it or not, God does not intend to bring revival without our help. He needs vessels to show forth His Glory on the earth. We all, I believe know that all revivals have started through the prayers of the saints, crying out to God for more. Revival is not brought by passive people it comes through a passion for the souls of the lost in frail human hearts. Like so many before us, our minds tell us we can't do anything about the current Godless generation, but we need to have a vision that overrides this, with the final outcome God intends.

It's so good to know that we are here on

earth for a purpose; God's purpose is to overcome the world with all its systems. God wants us to do it together as a team for His Glory alone. Gideon was threshing wheat in hiding from His enemies who were robbing him of his destiny. (Judges 6:11. Read it.) The angel started by saying to him, "The Lord is with thee thou mighty man of valour". Once he realized who he was Gideon went on to be a force to be reckoned with, a leader of the people. If God has anointed us, as He has; He has anointed us for a certain purpose to bring an awakening to the people around us to the power of God.

So how do we make ourselves ready for God's purpose? We need to become more aware of God's presence in our everyday lives for a start. Aware of Him and the destiny he has for each of our lives. To realize the passion He has put within us to speak and do what He tells us in complete obedience to His purpose. We can then be experienced and ready as Gideon was made ready to defeat God's enemies in the battle for souls. The question is what are we hiding from, with Gideon it was the Midonites. We may feel inadequate but God doesn't want us to be reliant on anything else but Him. He cut down to size Gideon's army to three hundred to show him it wasn't about him but the power of God through him. Working together in partnership with the Holy Spirit we can if we allow Him to, overcome every circumstance. We need to stand together supernaturally with others selected by God to break down the apathy of this current generation to the reality of Gods power.

**Prayer: Father I ask, "In the name of Jesus that you will help us to stop making excuses for who we are and how we feel but you will show us that we are able through your grace to be a channel of blessing to all those around us. Ready for a mighty outpouring of Your Spirit of Revival in these the end times and that you will fulfil your promise for all our lives in giving us Your final outcome for our lives". Amen**

*Blessings Alan and Shirley Churchill*

**TAGGING FOR JESUS NOW**

around. The way he spoke about God was so personal and so real to him I knew by the way he spoke about the Bible and Jesus; he had experienced something very real. I had come to a conclusion he was either mad or it was true. I became increasingly more interested in what had happened to him, I couldn't deny such an obvious change in his life. I wanted to know more.

I was invited to his baptism, this was very strange for me and to be honest I felt a bit silly. I was not used to church and was taken aback by how loving every one was, I saw that they had something and believed so deeply in their God. During the worship I felt like I was warmed inside like I was going to cry, broken inside, fighting it back I pulled my shoulders back and just looked at the screen projecting the song words. I didn't understand what was happening to me, suddenly the music started to soften and a man from the front started to speak out words. He had his back to me and as he spoke, he began to describe how I felt in detail. I knew that he couldn't have known these things, the call for another baptism went out something in me wanted to respond however I didn't. I came out the church wanting to know more.

Over the next few weeks I just found myself drawn to Karl and wanting to know more about God and he was eager to share his experiences. One night he gave me a short prayer asking Jesus in to my life and to forgive me of all my sins. That night I prayed as sincerely as I could, nothing happened I had heard about all these amazing experiences and I wanted one, I felt slightly disappointed. A few nights later I was walking home from Karl's and I cried out to Jesus. I remember asking Jesus to reveal himself to me, and to show me something, I really needed it.

That night I dreamt that I was walking on a path just ahead was a huge mountain the path led up and around the mountain, winding around it to the top. Ahead of me was something that appeared to look like a gigantic armoured knight on a battle plated horse, he held in his hand a lash of lightning and was thrashing it around. It was immense sense of power as he passed me he was so wide so massive I felt so small. I reached the beginning of the mountain and I felt another powerful presence from man

who stood behind me he was tall dressed in white and was light, he placed his hand on my shoulder and I then heard him speak to me his voice was audible, he asked me if I had prayed. I went to turn to answer him I just stuttered and woke.

This was like no other dream I have ever had in my life, I remember back to calling out to Jesus, he heard my call. I went around to Karl's and spoke of the dream as I began to explain I suddenly felt power flood through my body, he looked shocked and began to tell me about visions he had been getting during prayer. He spoke of giant armored horses clashing in battle. I believed

TAGGING AND TESTIFYING IN TOWN SQUARE

and was stunned by my experience.

The reality of what I had just found hit home, me and Karl just worshiped together prayed constantly and read the Bible. Everything became so clear to me I understood that the things I had just experienced were written in the bible. He prayed for me and we experienced the Holy Spirit in a very real way. I was changed I felt and looked different I began to look at things differently I felt amazing God was so close I knew he was with me. My attitude towards my life changed I began to look at people in a different way. I didn't want to go on living like I was, I felt forgiven and free. Jesus was real I needed to tell others. Today, by God's grace, my life has changed. I currently work as a tutor within Southend College teaching art, and teach privately within care homes, I also work as a tutor within the YMCA and work privately painting large community art murals.

## GLORY CHURCH PROGRESS IN ACCRA

As you can see the Glory Church in Ghana is growing very fast, since the last Glory News there's another 2 floors on the back and the ground floor at the back has now been turned into a nursery. The next most urgent items are the roofs for both the front third floor over the entrance and the fourth floor over the school. We need these to make the both of these areas water tight and stop water ingress into the main church through its back and front walls.

Bishop James has asked me to thank you all for so speedily supplying the finance to get this building so far in such a short time.

In the autumn of 2004 we first brought the need for the Church in Ghana to your attention at the Coventry Convention. So much has happened since, first the land in Autumn 2005, then the foundations in Autumn 2006, first floor in Spring 2007, the main auditorium roof in Spring 2008 (capacity 800). The schools in late 2008 and the orphanage

in 2009 what great progress has been made and how the congregation there has grown.

Now can we ask you for another push to get the two final roofs in place so that both the school and the front reception area can come into full use?

The estimates are £6000 for the front roof and £5400 for the school roof. Please send your love gifts to the Glory Office identifying your gift for the Ghana Glory Church - Cheques Payable to the Glory People please.

Alan Churchill Basildon

## THE GLORY ASK-OF ORPHANAGE

It's almost a year since we were inspired to set up an orphanage in Accra Ghana. We could not have done it without James and Theresa who have put so much into it, but we know God's hand is behind it since it was a step of faith then and even more so now.

There are now 11 children at the orphanage. We've rented a large villa for 2 years, it has a large compound for the children to play in and there is space for more children to join. Initially James and Theresa stayed at the house with the initial children who joined and they cared for them. In time we were able to fund a full time caretaker and have recently employed a cook. James and Theresa still spend lots of time at the orphanage and their children enjoy being with the children at the orphanage. A visitor has said it is more like a home than an orphanage.

The purpose behind the orphanage was to get the kids off the street, feed and care for them and ensure they receive an education. This latter objective is being achieved by attendance at the Church school which James set up 18 months ago.

It is a great responsibility that James, Theresa and ourselves have taken on, we have to support the children until they have finished their education. We're doing it in faith, depending on the Lord to supply the finances. It is our hope that in time the orphanage will be able to fund itself but in the meantime we

are dependent on your continued generosity to support the children. It only costs £45 pm to support a child, to give them a chance for a better life. There are additional premises costs (e.g. electricity) and to pay for the staff etc. All in all the costs of running the orphanage are now £1,000pm, given what is being done for the children this is a small amount, but without your current, continued and increased support these children would be on the street again.

We also want to buy a property or land to enable us to expand the orphanage, this will cost a considerable amount of money, circa £50,000, saving us the need to rent a building. We don't know how God is going to provide this but we know that having started this, he'll finish it.

We'd welcome your involvement in supporting ASK OF, in anyway. If you want to support financially it's easy. If you want to get involved in fund raising we'd welcome

Theresa, Caleb, Karen and the Orphans at the Orphanage

## The ASK-OF Mission African Street Kids - Orphanage Foundation

Part of the Glory People Christian Charity set up in 1964 as Henri's Evangelical Revival Association Ltd. registered charity (No. 272143)

that. If you want to know more about this contact Keith. The most important thing you can do is pray for ASKOF particularly for James and Theresa.

One of the best ways to get involved is to visit Accra, you'll get a warm welcome, and realise how easy it is to make a difference to a child's life.

For more see [www.askof.org](http://www.askof.org) or phone Keith on 01782 816752

## THE GLORY PRAYER NETWORK

to be able to spend time in prayer and supplication for each individually. We pray at our fellowship for every prayer request submitted to the Network and we gather on Sundays and Wednesdays when we again pray during our meetings. We always feel the Lord is close to us during the times we pray.

We have been blessed and encouraged by the answers to prayer that have come in which have inspired us to believe the Lord hears and answers. Those of us who pray for each need realize more and more how important it is to bring all our requests to our Heavenly Father.

In times of need it is reassuring to know that there is a team of prayer warriors who are willing to 'ASK'. Jesus states clearly in Matthew 7:7 that we must Ask- and it shall be given you, Seek- and you shall find, Knock-and it shall be opened unto you. The simple "ASK" of Jesus is vital. Matthew 7:8 "For everyone who asketh receiveth, and he that seeketh findeth and to him that knocketh it shall be opened".

It must be remembered that corporate prayer can be more effective in some instances than individual prayer. Prayer was made without ceasing for Peter as recorded in Acts 12:5 and an angel of the

Lord came to him in the prison while he slept between two soldiers bound with chains. The angel smote Peter on his side and told him to arise and his chains fell off and he girded himself, put on his sandals and the angel led him out of the prison to preach the gospel. Peter thought it was a vision but it was the prayers of the believers in Acts. Peter might never have been freed from prison if the whole church had not prayed unceasingly for him.

Let us realize we are the body of Christ and our concerns and needs are very close to the heart of Father God. Matthew 6:8 For your Father knoweth what things ye have need of before ye ask Him

It is open to anyone to contact the Glory Prayer Network for prayer by logging onto the web site gloryprayer.net and clicking on 'ask for prayer' or by contacting the Glory Office by telephone. It is important to know there is a prayer team who will immediately receive a request and begin to pray for a particular need.

We have found it very useful to read the updates and stay in contact as the healing is taking place and be part of the joyful responses to the need being met. We have included a couple of testimonies here as a taster of God's goodness.

*Blessings Sarah Davis South Wales*

## 2010 Glory Holiday

**The cost of accommodation in summer at Walton on the Naze was too expensive for 2010 but we have been able to get a special deal in the June Bank Holiday week at two thirds the cost we paid last year in the July Holiday weeks.**

**This years glory Holiday will be from the 1-3 June in 2010. Contact us at the Glory office for accommodation and a brochure.**

**We hope you will be able to join us there for a week of real Glory.**

## CHURCH ON THE STREET

Sometimes we are afraid to share our faith with people. We say "it's not my ministry" or "I'm no good at it" or "I don't know what to say." We often complicate things so much that we then end up doing nothing for fear of getting it wrong. Ever felt that you ought to tell people the good news but don't know how to start?

In 2 Kings 7 we see Israel at a time of extreme famine in the land where the people were starving to death fearing to leave the boundaries of Samaria. Four leprous men who felt they had nothing to lose decided to go to the Syrian camp. As they went, the Lord caused the army to hear the sound of chariots and horses and they thought there was a great army against them and fled. The four outcasts found the camp deserted and the Syrians had left all their food, silver and gold, behind them. The four men ate and drank and took some treasure and hid it. (v9) They then said to one another, we are not doing right. This day is a day of good news and we remain silent...

As Christians we can experience wonderful salvation, deliverance, healing and provision and know that there is abundance for a starving desperate generation. Wonderful news; but we remain silent. This is wrong.

We stand at a time of great importance in our Nation: Economic uncertainty and Swine Flu pandemic all have caused people to re-evaluate their lives. Many are ripe for the harvest. Multitudes are in the valley of decision.

The Lord gave me several visions this year all connected with evangelism and winning the lost. I saw in my vision fields being opened that had not been harvested for years. I saw many people coming together to harvest, for there wasn't a shortage of harvest but of harvesters. I saw the harvest being so great that the fisherman weren't arguing over who the fish belonged to but rather freely divided them up so the boat didn't sink. Just as fish are caught in shoals, I felt the Lord say that He was going to catch people according to their kind, in groups. Just as in the ark, He would bring them in; according to their culture, music, styles and religion. In essence you would see, for example, 50 punks get saved, 50 skateboarders, 50 Goth's, whole subcultures would get caught together. I

heard the Lord say if I would abandon my favourite kinds (of people) He would bring them in with my favourite kind.

Not many people go to church, in fact most people don't. So church on the street started to basically bring church and Jesus to the street and to the people. The basic vision is to bring the presence of Jesus to where the people are. We sing, preach, testify and invite people to get prayer. We pray for people to be healed, delivered or for specific needs. When we pray for people we expect the presence of God to touch them and then we witness to them, giving them the Gospel. Many people when asked if they would allow us to pray for them agree not knowing that the Lord is setting them up for an encounter. I have seen people shake, cry and be amazed by the fact that Jesus can touch them there and then. After prayer we can then tell them the Gospel and then, like many, lead

them to Salvation. There is just nothing like leading people to Jesus. It is the most wonderful thing ever.

You know it's so easy just to stay and have a 'bless me' club and believe it's all about us. We want God to touch us and fill us and set us on fire but for what? The purpose of Pentecost was to make us witnesses. Nathan Morris often says we need to "move from the floor to the door". If we truly have the real deal then it will work on the streets. If we truly love Jesus we will have a love for the lost. We can be so carnal as Christians that we become more concerned with who's staying in the X factor competition than whose going to hell.

We are only just beginning Church On The Street; we don't have all the answers or

a secret formula, we are just crazy enough to believe that revival can break out on the streets and that people can get saved, healed and delivered and that signs can follow us, if we will just dare to go.

Jeremiah 8:20 is I believe one of the most tragic verses in the bible: The Harvest has past. The summer is ended. And we are not saved!

People need the Lord and it's our job to tell them. You know it doesn't have to be difficult. There are so many people ready to be saved. This year I have led people to the Lord on the street, in my car, in my house, in other people's houses, sitting on a wall, in a field and of course in the church. The place doesn't matter. When a baby is ready to be born sometimes it can't wait to be delivered in the hospital. Sometimes, as spiritual midwives, we have to lead souls to be born again there and then where they are. We have to think outside of the walls of a building.

Not many people go to church, but in a Tear Fund survey, 3 million people in the United Kingdom said they would come to church if they were asked. 3 million people!! You say I can't pray for someone or give them a word of knowledge, in fact I've never led anyone to Jesus. The disciples said when witnessing simply "come and see." You can do that; you can invite someone to church. (Yes you)

I had someone come and fix my central heating in November and change the pump. I said to this man "why don't you come to church with me on Sunday?" And he did and he got saved. 3 weeks later his partner came and she got saved. It's not difficult when the Lord leads you and you are obedient. (Praise The Lord). This man had been searching all his life but no one had told him or invited him to "come and see." How many people do you mix with who need Jesus, who are ready to be saved, who would come to church if invited?

Church On the Street goes out from Noak Bridge once a month. Why not come and join us. You may never have done it before but why not come and have a go? We will look after you. Break out of your comfort-zone and let the Lord use you. He has need of you. Why not invite someone to church this week? You never know they may just get saved.

*Matthew Richards Norwich*

## ANSWERS TO PRAYER

Tony, my husband, suffered a heart attack late one evening when I was away from home. He was rushed to hospital and to intensive care where his condition was said to be critical. My daughter and I waited at the hospital throughout the night as he was being treated by a young technician who was monitoring his progress. The technician was extremely concerned and at one point thought my husband might have to be transferred to London hospital for further treatment. My daughter and I were sent home early in the morning to freshen up and told to return at 3.00 visiting time. I telephoned my sister Jose and told her of the situation. When we returned to the hospital we had a shock to find my husband sitting up in bed, having a cup of tea and asking where his clean clothes are. The young technician was amazed. He said many unexplained things happen in hospitals but he could not believe my husband looked so well. My husband's words to me were I had a long sleep woke up about 2-o'clock and I feel fine.

On returning home I phoned my sister to say Tony was better and she said he had been prayed for at 2.00p.m. Everything fell into

place. Tony said at some point during that day his life seemed ebbing away and suddenly he awoke and felt refreshed. So he thanks you all for the prayer offered that day. Jean

Mandy, Steve W's friend went into hospital to have a minor knee operation. The knee became infected and there were further complications when a blood clot moved to her lungs. She then had a allergic reaction to the drugs and went into shock. She was moved to ICU and kept there for 3 days unconscious. Steve put her on the Network and following prayer she made a miraculous recovery. The doctors were greatly surprised she recovered so quickly. Within a couple of weeks she was back in college. Steve says "I have no doubt that the only reason she is with us now is because of the number of people who prayed for her!". Glory!

Lawrence was due to have an operation on an aneurysm in an artery to his kidney. His Surgeon was "astounded" with the blood results following a pre operation check and he now doesn't need an operation at all only a check up next year.

# "2010 It's Time to Break Out"

Sam

God wanted them to be. God reminded them it was not their final destination. God was speaking to me that there are times in our lives when we get comfortable and happy with the things that are surrounding us. We are happy with the lives that we are living but God has said that there is a better place he has provided for you and me but we will never know about it unless we leave our comfortable Mount Sinai.

I prayed for God to show me what He was trying to speak into my life as a result of this passage. I believe God is saying it is time for 'breakthrough' and time to break forth! On Sunday night at Ron and Joan's house, Matthew (Richards) was talking about digging the ditch and on Monday, Paul (Elliott) spoke of 'entering in' and then Tuesday, Gordon (Davis) was talking about walking on the water. All of these things were confirming what God had spoken into my heart. It is time to break forth! Maybe we have stayed in our place long enough. God has got better things for us. We will never see the higher riches unless we start moving! The Israelites forgot that they had an even better destination than Mount Horeb because they were comfortable until God spoke to them.

Maybe God is also speaking to you about this as well. You know what you are going through and what promises over your life you have yet to receive but He is saying there are better things for you and there is a better place for you! God has got promises that are laid before us but we need to go and get them. I just want to encourage someone that it is time to break forth!

Sam Chirwa Nottingham

It is such a pleasure to be with you once again. I have been blessed since we have come. All week I have been blessed. On the Monday night, after the meeting, I went back to the caravan and the Lord spoke to me. He brought me to Deuteronomy 1:6-7 which says "The LORD our God said to us at Horeb, "You have stayed long enough at this mountain. 7 Break camp and advance into the hill country of the Amorites; go to all the neighboring peoples ....8 See, I have given you this land. Go in and take possession of the land that the LORD swore he would give to your fathers—to Abraham, Isaac and Jacob—and to their descendants after them." It is time to break forth. I read that Mount Horeb is another name for Mount Sinai and so many good things took place on that mountain. This is the place that God spoke with Moses. This is the place Moses received the ten commandments. This was the same place where God provided manna to them.

They were enjoying their communion with God there but that was not the place where

Pat

I nearly didn't make it to Walton. The last three months have been a harrowing time for my family. On Sunday night, we were in Ron and Joan's house, the Glory was there! People were ministering the Word and we were singing and praising God but I felt like I didn't have anything to offer but we started to worship with the song 'Turn your eyes upon Jesus, look full in His wonderful face, and the things of earth will grow strangely dim in the light of His Glory and grace' and it just hit me and I just broke and sobbed and it was a turning point for me. I was prayed for and I have never had such a wonderful experience of the power of God going through my body and then to add to that, sister Julia prayed for the oil of joy to overflow through me and I was shaking from head to foot and I felt hot oil flow over me and I got delivered from these chains. Every chain was lifted! I have been able to praise God this week and I have been changed by the power of God.

Pat Davies Rochdale

David

Well Praise the Lord everyone. Here is to a 2010 where God is going to move us onwards and upwards. I am increasingly amazed at the goodness of God towards me and my life. It is totally undeserved but still he continues to shine His love towards us. This year is going to be something that will ensure that God will 'perfect that which concerns you', like it says in Psalm 138. God is a perfect God and He wants the very best for all His children. Don't let anyone discourage you or tell you that you haven't earned God's favour, as none of us have. We are all sons and daughters of the living God, who were once sinners and gone astray but thank God, the Lord has laid on Him the iniquity of us all! Jesus has done it all so we can enter in.

The Lord has been giving me glimpses of his unconditional love in my life, and showing how much he cares for me because this year, I have realized more than ever that my own shortcomings are swept away when I am in His presence. I have a wonderful testimony to tell you. In November, I left my wallet on the back of a taxi in Mumbai (with a population of around 16 million people) on a Friday evening while I was there for work-related business. I asked the Lord to just bless whoever was going to be the new owner of the wallet and to keep His money safe (because everything that we have belongs to Him). The next day, I flew back home to the UK. However, the same day a lady got into the back of the taxi and started talking about credit cards. The taxi man, who had no way of reaching me, gave her my wallet. It just so happened she was flying to the UK the next day and, to cut a long story short, I got it back within 5 days of losing it from the other side of the world. Money cannot buy that sort of service! There is so much more to this testimony but there is no room to write it. As the songwriter said, "He has done so much for me, I cannot tell it all"

The word says that "He will give his angels charge over you to keep you in all your ways!" This year, my prayer is, you will catch this revelation of God's love as we all seek to march on into 2010. Last year saw many blessings...who can forget Sam Chirwa's message on 'It's time to break forth' (which is on this page for you to enjoy again) and I hope you have all been experiencing the breakthrough anointing recently. My prayer is that we will all step out of the boat and walk on the water with Jesus, going wherever He is directing us, opening our mouths and allowing Him to fill it, allowing our feet to go where He wants us to go. May you continue to be blessed until you overflow! Amen, amen, amen!

David Shipman Coventry

Kim and Sandy

I was really ill when I arrived because I missed a treatment at the hospital. I could hardly eat and was really grouchy. On Wednesday, I was giving out the signals of 'don't come near me'. The Lord has blessed me so much over the years since coming to Walton but I was waiting for those things to happen this week. On Thursday, I saw the quickening power of God hit someone else who had looked rough at the beginning of the week and by seeing them, it hit me too! Thanks for putting up with me this week and I had a breakthrough last night. Praise the Lord!

Kim Rogers Norwich

I have a lot to thank the Glory Way for. Through God working in them, they brought healing to my husband, saved our marriage and got me off of drugs! That's why we come back every year. To see the anointing in action and to see my brothers and sisters is wonderful and I feel that this is my family. Due to the fact Kim was grouchy, I couldn't go to any of the extra meetings and I was grumbling

because he was grumbling! Sue (Robertson) prayed for me and that changed me around. When my husband told me he missed his treatment, I felt less bad due to the vows we made about looking after each other in sickness and in health! Praise God, everything is on the up! I have been filling up my well and am ready for whatever God wants me to do. Amen. I love you all so much.

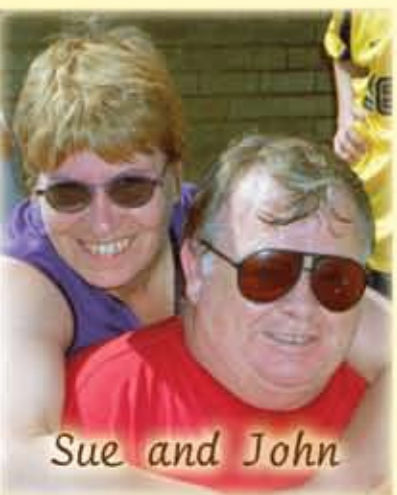

Sandy Rogers Norwich

We have really enjoyed being in the meetings this week but it is not just in the meetings where God's power is. We have been on the beach and each day, we have seen people and been able to talk and share. We saw Kath's kite fly away and we need to be like that with God. We just need to let go. God uses us as channels of his blessing. It does not matter what the enemy throws at us, people are watching our lives and are watching the love of God flowing through us. We thank Him for His faithfulness towards us as a family.

Steph

Sue and John

Over the past year I have been down in the dumps and I can turn to God and He lifts you up. He holds you there in His hand and comforts you. God turns and stamps His foot on the serpent and it frees us and recently I didn't think I'd make it, and by God's will, we made it! It is such an uplifting experience and to share God's love and compassion with you all. It is absolutely brilliant! We have the power to change this country so let's go forward and let God's love flow through it. Praise God!

John Robertson Middleton

We really didn't think we were going to make it. I have had a bit of a stress out and different things came on top of us and I was very dubious about coming. We came in faith and as the week has gone on, the chains have come off and the stress has gone! I came with a very heavy heart and I didn't know if John was able to get through the first night, let alone the week. As it went on, I have felt so free. He has touched me in a way I cannot explain but He just does it. I am going home different to the way I came. I want to go and impact my church although they might be a bit shocked!

Sue Robertson Middleton

Soon after this, John was taken to Glory to be with the Lord. Hours before his passing, he was singing Glory choruses with his wife in the hospital bed and he was ready to meet Jesus. Praise God!
